DETAILED ACTION

Response to Amendment

1. Receipt is acknowledged of the preliminary amendment filed 2 Jan. 2002. Claims 48-73 are now pending.

Election/Restrictions

1. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 48-61, drawn to a method for concentrated heat deposition of a coating on a substrate.

Group II, claim(s) 62-67, drawn to a method for concentrated heat deposition of a coating on a substrate.

Group III, claim(s) 68-71, drawn to an article/method.

Group IV, claim(s) 72-73, drawn to an article/method.

2. The inventions listed as Groups I-IV do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons:

The special technical feature, a method comprising providing at least one coating heat source for heating/capable of heating a section of the substrate and moving the source/substrate relative to one another, is clearly known in the prior art. Such a special technical feature is taught in EP 0 491 521 A2, EP 0 709 487 A1, and WO 99/29917 A2 (cited in the international search report of the corresponding PCT).

3. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

4. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
